Michiel Pillet

August 23, 2025

mdpillet@gmail.com - (406) 548-5992

Summary

Conservation ecologist specializing in climate change impacts on biodiversity, with a focus on cacti and succulents. My interdisciplinary research integrates ecological theory, species distribution modeling, and quantitative methods to inform conservation planning and policy. I've published extensively, including first-author work in *Nature Plants*, and collaborate widely through the IUCN, Conservation International, and USFWS. My academic experience spans research, teaching, and mentorship, supported by strong public engagement and science communication. I bring a data-driven, collaborative, and applied approach to biodiversity research.

Education

- **University of Arizona** — Tucson, AZ
  Ph.D. in Ecology and Evolutionary Biology — *2016 - 2025*
- **Montana State University** — Bozeman, MT
  B.S. in Biology (highest honors; GPA: 4.0 upper division/graduate coursework) — *2008 - 2014*

Certificates

- **IUCN CPSG Ex Situ Conservation Assessment Training** — ConservationTraining.org
  Certificate of Achievement — *2023*
- **IUCN Red List Assessor Training** — ConservationTraining.org
  Certificate of Achievement — *2023*
- **Key Biodiversity Areas Advanced Practitioner** — ConservationTraining.org
  Certificate of Completion with Distinction — *2023*
- **Planning for Conservation: Using the Conservation Standards** — ConservationTraining.org
  Certificate of Completion — *2023*
- **Johns Hopkins University** — Coursera
  Data Science Specialization (with honors) — *2015*

Skills

- **Ecology and evolution**: ecosystem & climate modeling, population, community & landscape ecology, taxonomy, physiological ecology, conservation genetics, conservation ecology, conservation planning, trait ecology, phylogenetic comparative methods
- **Statistics**: theoretical and practical experience in topics ranging from spatial statistics to machine learning and Bayesian methods
- **Programming and IT**: R, Python, Matlab, Java/C++, web development, databases (SQL/XML), Git, Linux, high-performance computing

- **Field techniques**: species identification and surveys, experience with common technology (e.g. GPS)
- **Design**: Adobe InDesign
- **Wide knowledge of supporting sciences**: GIS (R/ArcGIS/QGIS), biogeochemistry, physics, soil science, hydrology, remote sensing, physiology
- **Mathematics**: strong background in numerical analysis, dynamical systems, traditional calculus, algorithms, with an emphasis on the use of mathematical models in ecology
- **Languages**: English, Dutch, French, Spanish

Work experience

Postdoctoral Research Scholar in the Department of Integrative Biology 2025-
University of South Florida
Associate Researcher in the Department of Ecology and Evolutionary Biology 2025-
University of Arizona
Consultant - conservation assessments and planning 2025-
Advisor for Plant Identification, Inc. 2025-
Program Officer for the IUCN SSC Cactus and Succulent Plants Specialist Group . . . 2023-2025
Researcher in the Department of Research, Conservation and Collections 2023-2025
Desert Botanical Garden
Field instructor for the Science Research Initiative at University of Utah 2023
Owner of Prickly Prospects Cactus Nursery (ex-situ conservation nursery) 2021-
Instructor at University of Arizona 2020-2023
Nursery worker at Arid Lands Greenhouses 2019-2021
Researcher in Enquist Lab at University of Arizona 2017-2025
Researcher in Evans Lab at University of Arizona 2016-2018
Research scientist in Poulter Ecosystem Dynamics Lab at Montana State University . . 2015-2016
Research scientist in Hansen Landscape Biodiversity Lab at Montana State University . . . 2014
University & private tutor in sciences 2012-2025
Researcher and crew chief at Museum of the Rockies Paleontology Department 2008-2014

Volunteer experience

Organizing Committee Member for the 2nd International Virtual Cactaceae Symposium . . . 2025
Conservation Committee Chair for the Tucson Cactus and Succulent Society, Tucson, AZ . 2024-
Member of the IUCN Climate Crisis Commission 2024-
Member of the IUCN SSC Succulent Plant Illegal Trade Task Force 2024-
Cactus and Succulent Society of America Affiliate Representative 2024-
for the Tucson Cactus and Succulent Society, Tucson, AZ
Conservation Committee Member of Cactus and Succulent Society of America 2023-
Member of the IUCN SSC Cactus and Succulent Plants Specialist Group 2022-
Workshop assistant for Software Carpentry 2016
Volunteer for Red Cross Disaster Action Team 2015-2016
Volunteer greenhouse manager for succulent plants at Montana State Univ. 2014

Workshops

- **Planning Workshop for the Integrated Conservation of the Genus Copiapoa** Zoom
  Participant and coauthor for species assessments *2022-2023*
- **Integral Projection Modeling Workshop** Barcelona, Spain
  Participant *2016*
- **State-and-Transition Modeling Workshop** Fort Collins, CO
  Participant *2014*

Awards, Grants & Honors

Cactus and Succulent Society of America Conservation Grant 2024
San Antonio Cactus and Xerophyte Society Legacy Project Award (conservation award) . . . 2024
William A. Calder III Memorial Scholarship (Ph.D.) 2023
College of Science Galileo Circle Scholarship (Ph.D.) 2023
Faculty Opinions - top 20 influential conservation papers of 2022 2023
College of Science Galileo Circle Scholarship (Ph.D.) 2022
William A. Calder III Memorial Scholarship (Ph.D.) 2022
NSF Graduate Research Fellowship (NSF GRFP; Ph.D.) 2017-2022
Graduate Access Fellowship (Ph.D.) 2016-2017
GPSC Travel Grant (Ph.D.) 2016
Presidential Scholarship (BSc) 2008-2014
Undergraduate Scholars Program (BSc) 2009-2010
Dean's & President's List (BSc): 6 times 2008-2014

Presentations and media

- **Climate Change-Resilient Conservation of Cacti**. Presented for *2nd International Virtual Cactaceae Symposium*, August 2025.
- **Combating the illegal trade in cacti and succulents through stakeholder participation**. Presented for *IrisBG Coffee Chat*, July 2025.
- **Conservation through propagation**. Presented for *Central Arizona Cactus and Succulent Society Propagation Education Group*, November 2024.
- **Combating the illegal trade in cacti and succulents through stakeholder participation**. Presented for *IrisBG Coffee Chat*, November 2024.
- **The illegal trade in cacti from the Americas**. Presented for *A guide to monitoring the illegal plant trade on eBay*, September 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *Gates Cactus and Succulent Society*, July 2024.
- **Learning from cacti: a field course through southern Utah and northern Arizona**. Presented for *San Francisco Succulent and Cactus Society*, May 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *Monterey Bay Area Cactus and Succulent Society*, May 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *San Diego Cactus and Succulent Society*, April 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *Michigan Cactus and Succulent Society*, March 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *Austin Cactus and Xerophyte Society*, January 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *Fort Worth Cactus and Succulent Society*, January 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *San Antonio Cactus and Xerophyte Society*, January 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *Central Texas Cactus and Succulent Society*, January 2024.
- **Common-sense cactus conservation in the 21st century**. Presented for *Desert Garden Club*, January 2024.
- **Climate Change Conversations: Common Sense Cactus Conservation in the 21st Century**. Presented for *Tucson Botanical Gardens*, December 2023.

- **Prickly Prospects for Cacti in the 21st Century**. Presented for *The University of Arizona Galileo Circle Scholars Celebration*, October 2023.
- **Assessing Climate Change Impacts on Cacti: Challenges and Opportunities**. Presented for *U.S. Fish and Wildlife Service Southwest Region*, October 2023.
- **Assessing Climate Change Impacts on Cacti: Challenges and Opportunities**. Presented for *The Huntington Library, Art Museum, and Botanical Gardens*, September 2023.
- **Common-sense cactus conservation in the 21st century**. Presented for *Maricopa County Master Naturalists*, August 2023.
- **Common-sense cactus conservation in the 21st century**. Presented for *Tucson Cactus and Succulent Society*, July 2023.
- **Common-sense cactus conservation in the 21st century**. Presented for *Central Arizona Cactus and Succulent Society*, June 2023.
- **Common-sense cactus conservation in the 21st century**. Presented for *Cactus and Succulenty Society of America*, May 2023.
- **Elevated extinction risk of cacti under climate change**. Presented for *International Cactaceae Academic Network*, September 2022.
- **Species distribution models for Copiapoa spp. under climate change**. Presented for *Planning Workshop for the Integrated Conservation of the Genus Copiapoa*, August 2022.
- **Planning for Uncertainty: Conserving Cacti in a World of Change**. Presented for *Tucson Cactus and Succulent Society*, August 2022.
- **Prickly prospects for cacti under climate change**. Presented for *Arizona Senior Academy*, August 2022.
- **Elevated extinction risk of cacti under climate change**. Interviewed for various media outlets, including *The New York Times, CBS, ABC, NBC, Swedish Television, TRT World, Yale Climate Connections*, April 2022-.
- **Prickly prospects for cacti under climate change: An analysis of uncertainty in range forecasts**. Presented for *Ecological Society of America Annual Meeting*, August 2020.
- **Sowing Cacti: where Art and Science meet**. Presented for *Tucson Cactus and Succulent Society*, June 2018.
- **Prickly prospects for cacti under climate change**. Presented for *Tucson Chapter of Arizona Native Plant Society*, May 2018.
- **Prickly prospects for cacti under climate change**. Presented for *Tucson Cactus and Succulent Society*, May 2017.
